

I am petitioning to allow K-Love to remain on the air under its current operationing conditions.

K-Love is a Christian-based contemporary, ministry driven radio station and is heard Nation-wide.

This is an example of how a national (coast to coast) radio broadcast ADDS to the listening experience.

It allows fellow Christians to hear the Word and ministry K-Love provides. In a sense, it allows fellowship by proxy.

K-love truly does provide a positive and encouraging message of the Gospel of Jesus Christ to a world in desperate need of its positive message. Live are changed. Mine is one.

Through the music, prayers, testimonials it provides a DAILY positive focus on what is GOOD not on what is corrupt. I believe it has a wide listening audienc in my local area. I see many many K-LOVe bumper stickers on cars. This is NOT because of some come-on, gimmick or contest but solely on the belief in the K-Love mission.

KLove is unique to the San Antonio, TX area. There are other more traditional Christian stations but none with a more postive upbeat message. I truly believe it would be to the local area's detriment if K-Love were replaced by a LPFM station.

Lastly as I stated earlier I believe it is to the betterment of all San Antonio that K-love remain on the air. It does provide a positve and unifying message. It is good family entertainment (no 7-second delay needed - thank you). In it's current form it allows me as a listener to unify with other Christians around the nation in a unifying manner. And in this day that is so important.

Again I ask that this LPFM proposal be rejected as it would cause due harm to the San Antonio, TX listenership and Christians aroud the nation.

thank you
Fran Iacopelli
